

EAST BARNBY OUTDOOR EDUCATION CENTRE

EXTRA CURRICULAR RESIDENTIAL BOOKINGS

September 2009 - August 2010

WHEN?

Extra Curricular Bookings (**ECB's**) are those residentials that fall outside the normal school term weekly timetable ie any NYCC school holidays and weekends throughout the year.

WHO?

Types of groups already using the Centre at these times are Schools, Youth Clubs, Language Schools, Sports Clubs, private school groups, Orchestras, Colleges, Universities and Charities.

HOW MANY?

East Barnby Centre has 126 beds in 5 accommodation blocks. We would expect each group booking the Centre to provide some liaison staff. Small groups booking should expect to share the Centre with other groups.

WHAT?

There are two basic options:

1. **Residential facilities only** The client group runs its own programme and uses our residential provision. This comprises provision of meals, cooked and served; packed lunches provided where necessary, all linen and dormitory accommodation (visiting staff are accommodated in single and double rooms within each of the dormitories), use of negotiated work areas and minibuses (subject to correct qualifications)
2. **Staffed ECB's** The opportunity exists for client groups to "buy in" to enable outdoor activities to take place. Clients buying in this way automatically gain access to East Barnby staff who are suitably qualified and assessed for the activities contained in the programme, vehicles for access to venues, specialist clothing and equipment for course members. Levels of staffing required depend to a large extent on numbers of course participants and the choice of activities to be undertaken.
