A Great Opportunity

The Outdoor Learning Service can provide your pupils with an opportunity to experience an exciting and valuable area of the P.E Curriculum that is beyond the scope of what most schools can deliver. Make the most of the fact that these specialist NYCC Outdoor Education Centres are on your doorstep providing quality Outdoor Learning provision.

How it would work

Choose either a half day option or a full day option. Choose to specialise in one activity or to do a different activity every week. Choose either a six week block after October half term or before February half term. Choose to come as a class, or if your numbers are small, with another school in your cluster.

Sample Programmes

<table>
<thead>
<tr>
<th>Half day Multi Activity</th>
<th>Full day skill development: Rock Climbing</th>
<th>Full day skill development: Mountain Biking</th>
<th>Full day skill development: Watersports</th>
</tr>
</thead>
<tbody>
<tr>
